Psychic Detective **Noreen Renier's** lectures contain an engrossing personal account of how she began her work on the many murder and missing persons cases she has been asked to investigate. This fascinating first-person true crime lecture brings the audience directly into **Noreen's** world...in which reliving emotionally shattering and physically violent experiences are part of the job and underscores the humor and courage of this truly original woman.

From the offbeat---who killed the thoroughbred horse, and why? To the extraordinary---becoming a missing airplane to locate its wreckage. To the horrific---reliving a young woman's rape and murder. This dynamic, humorous, and compelling speaker always takes her audiences on a wild journey of suspense and discovery in a world where a pair of bloody eyeglasses, an earring, and a dead horse's tail speak of rape, murder, and mayhem.
